Siskiyou County Resource Advisory Committee to Meet July 18 at the Klamath National Forest Supervisor's Office

YREKA, CA,—The Siskiyou County Resource Advisory Committee (RAC) will meet on Monday, July 18, 2011, at the Klamath National Forest Supervisor's Office, 1312 Fairlane Road, Yreka. The meeting will begin at 4:00 p.m. and usually ends before 8:00 p.m. The public is invited to attend and provide comment.

The best access to the conference room is through the back door of the building, located on Mill Street, where there is plenty of parking.

The RAC is federally sanctioned by the Secretary of the Department of Agriculture and was formed as a result of the Secure Rural Schools and Community Self-Determination Act of 2000. The RAC is a local advisory committee that recommends projects to federal land managers which will benefit resources on public lands. The fifteen member group represents a cross section of county communities, industries, schools, environmentalists, and local government.

The agenda includes project updates and financial status, public comment period, and review of new project proposals to be considered by the RAC. The last date to submit applications for current funding will be August 1st, 2011. The August 15 meeting will be the last meeting at which project presentations will be made. Projects selected this year may be funded and implemented in 2012.

For more information on the Siskiyou County RAC, call Kerry Greene at the Klamath National Forest: (530) 841-4484.
